BUSINESS RECYCLING TOOLKIT

Organizations

Recycling Companies

City Programs

ORGANIZATIONS

A number of agencies assist businesses with waste reduction, reuse, or recycling. Most of these agencies offer free assistance. Contact any or all of the agencies to find the one that meets your needs!

Recycling Association of MN (RAM)

The Recycling Association of Minnesota (RAM) promotes resource conservation through waste prevention, reuse, recycling, composting and purchasing practices using the most cost effective and environmentally sound methods available in Minnesota. RAM provides outreach activities to the public through the America Recycles Day campaign, their web site, recycled product educational kits, and other means. RAM also offers free assistance for businesses working toward waste reduction.

Website: www.recycleminnesota.org

Telephone: (952) 473-0048

Minnesota Retired Environmental Technical Assistance Program (RETAP)

Minnesota RETAP provides free, confidential, non-regulatory pollution prevention, waste reduction and energy use reduction assistance, and other services to Minnesota businesses, industries, and institutions. Minnesota RETAP provides these assessments and services to reduce pollution, waste, energy use, and operating costs. They are NOT regulatory or compliance-oriented assessments or services.

Telephone: (612) 781-1307

Minnesota Materials Exchange

The Minnesota Materials Exchange program is a free service that links organizations that have reusable goods they no longer need to those who can use them. By providing a business reuse network, the Materials Exchange program prevents usable materials from becoming waste and saves users money.

Telephone: (612) 624-1300 or (800) 247-0015

Minnesota Technical Assistance Program (MnTAP)

MnTAP is an outreach program at the University of Minnesota that helps Minnesota businesses develop and implement industry-tailored solutions that prevent pollution at the source, maximize efficient use of resources, and reduce energy use and cost. The ultimate goal of the program is to improve public health and the environment. MnTAP provides free technical assistance tailored to each business. By reducing waste and increasing efficiency businesses can save on disposal and raw material costs, decrease regulatory compliance burdens, and create healthier and safer working conditions for employees.

Telephone: (651) 292-4650

Recommended actions include:

- Institute a Business Recycling Program
- Remove disposables from employee lunch areas
- Provide desk side recycling containers
- Receive a waste audit
- Institute an Organics Recycling Program
- Work with janitorial staff to ensure that materials are recycled
- Recycle an item on the MN Materials Exchange
- Require the use of green cleaning products

For more information visit www.elkrivernmn.gov/highfives or call the City of Elk River Environmental Department at (763) 635-1000.
